### Do not attempt to complete the application form until you have attended the Compulsory Briefing Day (CBD) Presentation

### Part 1 – Completion of the Module Option & APEL Application Form

Before you start the online application process you need to complete the module option and APEL application form. **(You will need to attach this as a transcript under the document tab during the online application process).**

You need to review the award structures set out in the tables below and identify the modules that are core and therefore compulsory. You should then review all of the optional (negotiated) modules for each level and read the module descriptors (easy access to the descriptor is by going to the university website ([www.staffs.ac.uk](http://www.staffs.ac.uk)) going to the A-Z index and selecting M and then Module Descriptors or use this link <http://www.staffs.ac.uk/current/student/modules/>)

Each Level is made up of 120 credits of study and is organised as seen below. The exact pattern of study can be tailored to your situation. Typically 15 or 30 credits are studied in each teaching block, with 3 teaching blocks running throughout the year. A module is a unit of study with defined learning outcomes, curriculum and assessment. The module definition is found in the module specification for the module.

A single module is worth 15 Credits and requires approximately 150 hours of independent study time in order to complete this learning activity. For distance learning modules there is a small amount of contact with the module tutor.

### **BSc (Hons) in Intelligence and Security**

Semester 1	Semester 2	Semester 3	Semester 4
Career Planning, Academic Research, and Study Skills for Remote Learners (Distance Learning) [15 Credits] COIS60787	Operations in the Cyber Domain: Ethical Hacking I (Distance Learning) [15 Credits] COCS60532	Opt Operations in the Cyber Domain: Ethical Hacking II (Blended Learning) [15 Credits] COCS60533	IT Support for Intelligence (Distance Learning) [15 Credits] COIS60885
Computer Networks and Security (Distance Learning) [15 Credits] COCS60400	Operations in the Cyber Domain: Cyber Warfare and Malicious Software (Distance Learning) [15 Credits] COCS60497	Optional Module	Optional Module

Note: Items shaded blue are core to the Award

Options are a choice of 30 Credits – **see annex B for the optional modules available for your month of entry.**

You should now know which modules should be entered as core and understand the modules available as options. You now need to work out in what order to attempt the modules. It is recommended that you attempt 15 or 30 credits per semester, more than this will be too much unless you can study full time. Consider your other commitments before deciding whether you will go for 15 credits (150 hours of study) over a 12 week semester or 30 credits (300 hours of study). You may vary this from semester to semester. Some modules have pre-requisites set out in the module descriptor, make sure you check this

### **Section 5 Accredited Prior (experiential) Learning – APEL**

It is possible to receive accreditation for some of the optional modules if you have previous qualifications covering the appropriate area or you can demonstrate work based learning (WBL) that would cover the module contents. You must first study the module descriptor, especially the indicative content section.

You need to demonstrate that you can meet the depth and breadth of the module before you can seek to APEL that module. The depth is demonstrating that you meet the appropriate level, ie you can't APEL a Level 6 course with a Level 5 qualification; you would need to demonstrate that your WBL has taken you from Level 5 to Level 6. The breadth is showing that you have covered most of the areas in the indicative content. A module should take 150 hours of study (3-4 weeks of full time study) so a 3 day course may be at Level 6 but is unlikely to have covered the breadth of the content in that time.

Before you seek to APEL a module, ensure that you have the evidence available to support your claim (may be course descriptors, certificates or statements from a line manager or instructor).

Please note that if you APEL a module you will be charged 20% of the full cost and you can only APEL a maximum of 75% of an award. Your degree classification will be based on modules studied at Staffordshire University and so APEL modules will not count towards the classification.

The University is familiar with some military courses and so will APEL on the evidence of a JPA printout of attendance. These courses are mainly the standard promotion courses such as JMLC, IMLC and instructional techniques such as DIT. The promotion courses gain general credits rather than credits against a specific module, so JMLC gives 15 general credits at level 4, IMLC 15 credits at Level 5 and Warrant Officer Course 15 credits at Level 6. Basic Instructional Techniques training gets either 15 or 30 credits at level 4 depending on the course length. Higher level teaching courses may get credit at level 5 and full certificates of education gain credit at level 6. WBL for those who have made significant use of these courses may raise the level of APEL available.

Once you are happy that you know what APEL you wish to apply for – most do not seek APEL as APEL at level 6 is often very hard to justify.

Your application for APEL will be considered by a University Board who may support your application, reject it (form will then be returned to you) or modify it (the Board may identify APEL that you have not applied for). This forms the negotiated part of the award and in some cases the forms will need several revisions.

Examples of completed forms can be found in the Annexes at the end of this document.

Once you have completed your module options form and applied for any APEL you need to save the document along with the following;

1. 1. UK Passport or National Passport (with UK VISA)
2. JPA Screenshot showing the following
  - **Your Name**
  - **Your rank**
  - **Arm of service (Army, Navy, RAF)**
  - **Competencies/Trade relevant to application.**
3. Any certificates relevant to your entry or APEL application.

## **Part 2 - Completing the Online Application Form.**

### **Useful Information**

As you complete the form you may find it useful to have information to hand as appropriate to the course that you are applying for, as an example.

- Funding arrangements – how you intend to pay for your studies
- Employer details
- Qualification certificates

---

There will be a number of tool tips  to help you with some of the information on the form. If you try and save your information and proceed through to the next stage of the process and there are

mandatory questions that you should have answered a warning will appear and the relevant empty questions will be highlighted. Mandatory fields are signified with an \*.

As you move through the tabs within the on-line application form you will see that when you fully complete the page of questions the indicator on the tab turns green, this indicates that you have completed that element of the application form and may move onto the next tab.

You can save and exit your application at any time – you will receive an e-mail to your specified e-mail address, to provide a link to come back and complete your application prior to submitting it.

### **Creating your Applicant Account**

As you will be a first time user of the on-line application you will first need to create a new user account for yourself:

Click on the New User button

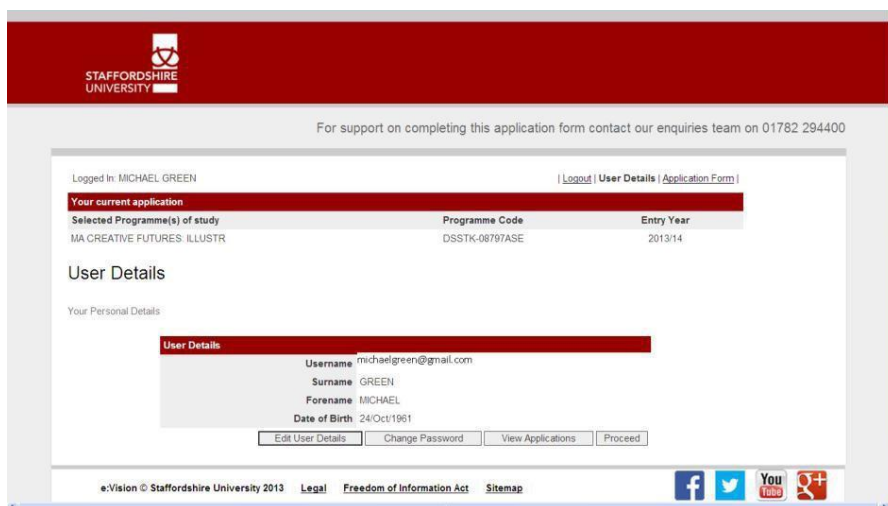

New User

**You will then be asked to complete your new user details.**

- \* Your date of birth can be entered by DD/MM/YY or by using the date picker on the form.
- \* Your username is your e-mail address and must match when entering the same information into the home e-mail address box. The email address you give us must be a valid one and should be the one you wish to receive correspondence from the University. We will check your email address as part of the registration process to ensure that an existing account has not been registered using it.
- \* Your password must be between 8 and 12 characters and include a number (remember this password for future reference, however, there is the facility for you to change this at a later stage).

You will then see a screen that confirms the details that you have entered and gives you the option to:

- \* Edit your user details,
- \* change your password,
- \* view any applications that you have
- \* proceed to making an application for a course.

On the next page you will see a number of tabs

These tabs relate to the information that you will need to complete to make your application. As you work through the application form and complete the pages you will see the indicator at the top turn green.

### Personal Details:

**Title:** Please select your title from the list - **if you are a member of HM Forces or a former/retired member of HM forces you will need to pick your military rank to ensure that you have the appropriate questions for your application.**

**Known as:** If your official forename is Susan but you would like to be known as Sue whilst at this University then you can use this field. However, your official name will be the one that appears on any official documentation.

**Previous surname:** If you have recently married or changed your name by decree and have not yet amended any official identity documents you will be asked to provide a marriage certificate or affidavit at the point of enrolment.

**Country of birth:** Please select the country that you were born in.

**Nationality:** If you are a British Citizen, please select UK National from the drop-down list. However, if you are not a British Citizen even though you may be living in the UK you must input your nationality as stated on your passport.

Your nationality (e.g. Canadian) should not be confused with your ethnic origin (e.g. White). If you have dual nationality and you need a visa to enter the UK, enter your first nationality as it is shown on the passport you intend to use when traveling to the UK for your course.

For the purposes of this question the UK is taken to include the Channel Islands and the Isle of Man (British Nationality Act 1981).

**Country of Residence/Domicile:** Please select the country you are currently living in, whether you are an official citizen of the country or not. For UK residents please select England or other UK country as appropriate.

**Residential Category:** This information assists us to establish your status for the payment of tuition fees. You should not confuse your residential category with your ethnic origin. For UK citizens please select UK National or EU National

**Address Details:** If you live in the UK, then enter your postcode and click on the 'find my address' button – your address will be available for you to choose and automatically populate your address information. If your contact address is the same as your home address you can tick the box and it will populate the information for you. If your contact address is different than your home address you will need to insert the information. There are tool tips on some of the question boxes to assist you.

### Qualifications Tab

You will be asked about previous study in the United Kingdom and if English Language was the language that the study was delivered in. Tool tips on the questions will explain in more detail.

The next question asks you about any previous higher level qualifications that you hold. You will be asked for the dates that you started your study and completed your study. You can either input the dates as dd/mm/yy or use the date picker (you will still need to put in the complete date dd/mm/yy. You can add more than one University or College if you need to.

The next section is where you will insert any School/College/Professional qualifications that are relevant to your application. You have a maximum of 10 Schools/Colleges to add.

### English Language Qualifications

Depending on your answer to the Country of Residence question within your personal details you may be asked to complete additional questions relating to English Language qualifications.

#### English Language Qualifications

Non UK Students need to be able to demonstrate a competence of English language to meet the demands of the course and UKBA visa requirements. However, if you are from a UKBA recognised English speaking country this requirement does not apply. In addition, non EU applicants will need to have acquired B2 level or above in English Language competence in order to obtain the necessary visa. For further details please visit: <http://www.ukba.homeoffice.gov.uk/visas-immigration/studying/>. Copies of certificates and transcripts of English competence MUST be provided with your application.

### Funding Tab

This area of the application form deals with how you are going to pay for the course that you are applying for. If you intend to use your ELC entitlement please tick the Employer-Funded box.

Personal Details Qualifications Employment History **Funding** Personal Statement References Document Upload Declarations

**Funding**

Please inform us on how you intend to fund your studies. Please attach any supporting evidence.

\* How are you intending to fund your studies?

Employer-funded  Self-funded  Government loan  Career development loan  Scholarship  Current University  College  Other

## Personal Statement

**Direct Applications (non-UCAS)** - If you are applying for one of the University standard courses you will need to complete a Personal Statement. You have a maximum of 500 words to document your personal statement. Your statement should explain to us why you wish to take this award, why you believe you are qualified, why you think you will be able to commit the time, and the outcome you expect from this award. You must demonstrate that you have understood the information imparted at your launch brief and indicate why you have chosen the particular award path ( for Engineering Awards how you have selected from; Mechanical Engineering, Electronics and Telecommunications, General Engineering or Engineering Management).

The on-line application form indicates the number of words that you have typed to assist you in your application. There is also guidance on completing the section and a link to access [www.staffs.ac.uk/personalstatement](http://www.staffs.ac.uk/personalstatement)

## Document Upload

The next tab gives you the facility to upload documents, as appropriate, in support of your application. Documents that **must** be uploaded are

### Transcripts

- **Certificates** - Copies of all certificates and transcripts to support your application
- **JPA Screenshot** – this must show: Name, Rank, Service & relevant branch training (competencies)
- **Funding Evidence** – Please upload a copy of your ELCAS CAN/Letter from your employer (if applicable) at the time of making your application if it is available.

### Passport

Please upload a copy of your UK passport or your national passport (with UK VISA)

### English Proficiency

Copies of Certificates and transcripts of English competence must be provided with your application (if applicable)

### Passport Photo

You may also upload a passport photograph if you require a Student card

**Document Upload**

Transcripts: The following document types can be uploaded: DOC, DOCX, DOT, PDF. The maximum file size is 20 Kb

Copy of passport ID: The following document types can be uploaded: BMP, GIF, JFIF, JPE, JPEG, JPG, PNG, TIF, TIFF. The maximum file size is 5 Kb

## Declaration

The final tab contains a few final questions and that you agree that the information that you have provided is true to the best of your knowledge.

The screenshot shows a navigation bar with tabs for Personal Details, Qualifications, Employment History, Funding, Personal Statement, References, Document Upload, and Declaration. The Declaration tab is active. Below the navigation bar, there are three dropdown menus for the following questions:

- \* When do you want to start your course? (Please select)
- \* Have you spent any time in care? (Please select)
- How did you first hear about this course? (Please select)

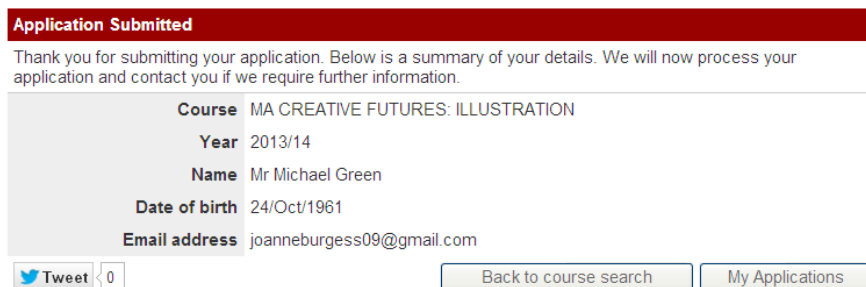

Below the questions is a declaration statement: "Declaration statement - I certify that all information presented is true to the best of my knowledge." with an unchecked checkbox. At the bottom, there are three buttons: Previous, Save and Exit, and Submit Application.

You will need to tick the box to confirm your declaration to enable you to submit your application.

## Confirmation

After you have submitted your application form a screen will show you your confirmation of submission and you will receive an e-mail advising you of what will happen next with your application.

## Confirmation

The screenshot shows a confirmation screen titled "Application Submitted". It contains the following text: "Thank you for submitting your application. Below is a summary of your details. We will now process your application and contact you if we require further information." Below this is a summary of the applicant's details:

<b>Course</b>	MA CREATIVE FUTURES: ILLUSTRATION
<b>Year</b>	2013/14
