

Welcome Week Programme 13th – 17th January 2014

School of Engineering

Award: Distance-Learning students: Ceramic Technology Awards

Monday 6th January

Distance-Learning students should complete their on-line enrolment prior to 13th January. Student cards will be sent to your home address, as long as you upload a passport-style picture of yourself. If your employer, or another party, will be paying your fees, you should send a letter from them to your award administrator.

Monday 13th January

All Distance-Learning Students

You should by now have completed your on-line enrolment. Providing you upload an image, you will be issued with a student card, which will be sent to your home address.

Please spend some time familiarising yourself with some of our Library Support Services and the Academic Calendar:

Welcome to the library service. Information about services for distance learners and off campus students and finding help and advice on library services

Week commencing Monday 20th January

Study starts this week!

Please remember to keep in touch

It is much better to let us know of any issues you may be having early on, when we may be able to help you resolve them, rather than leaving them until they become much larger problems.
