

**This one day seminar forum** hosted by the Green Roofs and Living Walls Centre, will reveal and share the latest information about the different types of available living walls from a range of perspectives including academia, designers, plant specialists, installation and maintenance experts and living wall system manufacturers. All the leading manufacturers will display and discuss their systems.

**University of Greenwich**  
 Room QA080  
 Queen Anne Court  
 SE10 9LS London  
 United Kingdom
