

Your Student Accommodation Internet Service provided by StudentCom

As of September, StudentCom will be providing a wired broadband service to all students staying in Halls of Residence (Wi-Fi coming soon!).

Included in your room rent, you will receive an incredible 20Mbps with unlimited downloads and uploads.

In addition to your Internet access, StudentCom offer a wide range of complementary services for all your academic and entertainment needs.

Below is a small taste of the services available to you, however further details can be found on the StudentCom portal upon connection to the network when you arrive at your accommodation.

Broadband

StudentCom offer a simple plug 'n' play service, so as soon as you move into your accommodation, you will very quickly be able to register for the service and gain access to the Internet immediately.

Included in the price of your rent, you will get an incredible 20Mbps. For those of you who are after an even faster service for quicker downloads and an overall superior broadband experience, we also offer an optional upgrade to 40Mbps and 60Mbps.

IPTV

Our Freewire IPTV service delivers a selection of Freeview TV and Radio channels, full screen, at TV broadcast quality, direct to your PC/Laptop/Mac. There is no need to bring a portable TV from home, which not only saves on insurance and desk space, but also means one less thing to carry to and from halls. For as little as only £5 for the academic year, you will also have the option to select from a range of premium channels including MTV, Comedy Central and some popular International channels.

Freewire Phone

Every student will be supplied with a VoIP telephone handset in their room. Calls to other Freewire handsets within your halls are free and external calls to UK and International landlines and mobiles are offered at extremely competitive rates. In addition, the Freewire softphone is available to download by anyone anywhere in the world. Calls between Freewire handsets and the softphone are free.

StudentCom offer a fantastic music service which essentially allows you to stream music to your laptop legally and for free. Furthermore, in collaboration with their music industry partners, StudentCom are able to bring to you new music, and if you let them know what you think, they will reward you with Amazon vouchers to spend on line as you wish.

Get protected with the latest AVG Internet Security, typically worth £40.00 for a full year's license for only £10.00. The StudentCom team have paired up with AVG to offer the most competitive deal on the market, available only to students via the StudentCom portal. AVG Internet Security provides multiple layers of protection for everything you do online, which means you don't have to worry about identity theft, viruses, or visiting harmful websites.

The StudentCom File Backup service has been designed to provide you with a secure way of backing up files, documents, pictures, music, emails without the need for extra hardware such as external hard drives or memory sticks which can be lost, stolen or malfunction. For just £10 per year for unlimited backup, you will be able to ensure that all your coursework or photographs are automatically backed up every time you connect to the Internet.

StudentCom Gaming is an exciting gaming experience, designed for both the casual and the more fanatical gamer. With dedicated servers, unlimited downloads and uploads, a great online gaming experience and great prizes guaranteed.

Support

If you do experience any difficulties getting online, talk to our friendly in-house Support Desk who are at the end of a phone 24 hours a day 7 days a week. Call 0333 123 0186 or email Stafford@studentcom.co.uk
