### e-ILS: IMMEDIATE LIFE SUPPORT

e-ILS is a flexible way of learning skills in Immediate Life Support, and blends e-learning with face-to-face workshops.

An e-ILS course provides candidates with the opportunity to develop a variety of skills, from managing a deteriorating patient, identifying causes and treating cardiac arrest, to improving abilities as both a team member and leader.

It's the ideal training tool for healthcare professionals who may have to act as the first responder in an emergency, giving them the skills to treat patients in cardiac arrest before a supporting team arrives.

Timings:

Morning: 8.00am – 1.15pm

**Course cost £150 per candidate.**

## PILS: PAEDIATRIC IMMEDIATE LIFE SUPPORT

Paediatric Immediate Life Support is designed for healthcare professionals who may have to manage and treat paediatric patients in an emergency.

A PILS course gives candidates the opportunity to learn a variety of skills, from managing a deteriorating patient, identifying causes of deterioration and treating cardiac arrest in children, to developing team leadership abilities and finding out what it takes to be an effective team member in a cardiac arrest emergency.

A PILS qualification is recognised across the UK and Europe, allowing healthcare professionals to save young lives in many parts of the world.

Timings:

8.00am – 5.45pm

**Course cost £200 per candidate.**

## iLSi: IMMEDIATE LIFE SUPPORT INSTRUCTOR COURSE

We offer a supportive learning environment for you to start your journey in teaching these amazing lifesaving courses.

iLSi is a specialist instructor course that gives candidates the skills to become an Instructor in Immediate Life Support (ILS) and Paediatric Immediate Life Support (PILS).

These skills can then be used to teach fellow healthcare professionals at ILS and PILS courses.

**Course cost £250 per candidate.**
