

Guest WiFi

Visitors to the University can now have unlimited access to the internet via our Guest WiFi service. This service is available to all visitors across campus, in all University buildings. To access, connect to the SSID "**WiFi Guest**" Once connected open a web browser and you will be redirected to the splash page below:

Guest WiFi Service

Welcome to Staffordshire University. This service provides internet access via The Cloud to visitors and members of the public. Register via this portal for unlimited WiFi access across campus.

Get online at
Staffordshire University

Go >

Click '**Go**' in the 'Get online at Staffordshire University' banner to be taken to the login / registration screen. New users need to complete a short registration form to access this service, below are the required fields:

Name
Postcode
Mobile number
DOB
Email address
Password

Once registered you will have access to the internet.

Users with an account for this service should automatically reconnect when on campus. Should this not happen, click '**Go**' on the splash screen above and enter the email address and password that you registered with.

Students should continue to use Airtel-Student and Staff should connect to Airtel-Secure

Please contact our Service Desk, 3800@staffs.ac.uk, 01785 35 3800 or visit a helpdesk for further support.
